

Consent & Declaration

MOHS Workplace Health is committed to protecting the privacy and security of your personal information and we will always treat you and your data with the respect you deserve.

MOHS Workplace Health will, at all times, comply with Data Protection Act 1998 and the General Data Protection Regulation (EU) 2016/679 ("GDPR").

I give my consent for MOHS Workplace Health Ltd to carry out one or more health surveillance assessments that may have several components.

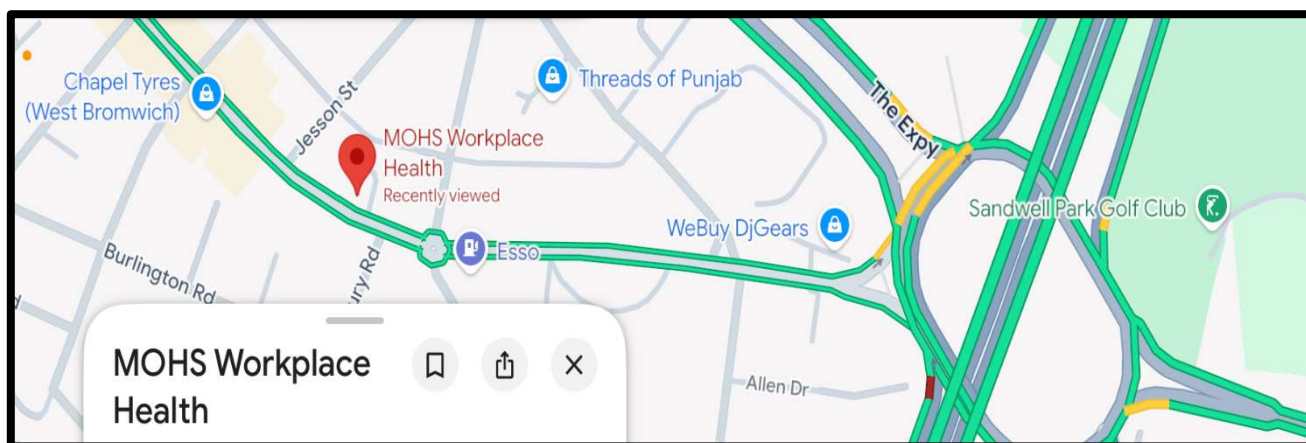

I understand that this is necessary for health and safety reasons and the results of these assessments, including recommendations (but not the detailed medical findings) will be fed back to my employer, to assist in maintaining a healthy and safe workplace.

I declare that, to the best of my knowledge, the information given above and in the answers to the health questionnaire is true and complete. (If, at review, any items or answers have changed, please make alterations clearly).

I understand that failure to disclose relevant information or providing false information may affect my employment.

Some of the questions asked may be complicated or use complex medical terminology. If you would be more comfortable using a translator to help you to answer questions, please inform the practitioner that is conducting this interview.

Please indicate to the practitioner that you have read and understood the above information and are happy to proceed.

Refer to the link below or QR code above for more details on the components from today's assessment (<https://mohs.co.uk/resources/>).

Use the link or QR code below to view the consent and declaration in your preferred language.

French
